### PRAISE FOR I REMEMBER THE FUTURE

“Michael A. Burstein is an Isaac Asimov for the new millennium: fiercely intelligent and wonderfully good-hearted, with a clear, accessible writing style. His stories are, by turns, clever, moving, and witty. Few writers have such an impressive list of award nominations, and this most welcome collection proves that the science-fiction short story is alive and well. Bravo!” – Robert J. Sawyer, Hugo Award-winning author of *Hominids*

“When you read all these final-ballot stories, you’ll know why Michael A. Burstein has a legion of enthusiastic fans. *I Remember the Future* is a remarkable collection, displaying all of his many strengths.” – Mike Resnick, Hugo and Nebula Award-winning author
